Presidents' Message

No the title doesn't contain a misplaced apostrophe. **Meg Tuccillo** and I are co-presidents of the branch. We will be alternating writing the presidents' message.

At our July board meeting, the board agreed to charge an admission fee to branch meetings. Yes, you read correctly. But before you think that the board has gone off the deep end, read on. We are asking that at the general meetings, members bring a new or gently used children's book. This book will be donated to Virginia Hospital Center, for use in waiting rooms, and pediatrics. Several board members had experienced taking ill children to the hospital and waiting to be seen, there was adult reading material but no children's books available. The books will be stamped "Donated by Arlington Branch, American Association of University Women" and delivered by **Barbara Olivere** to the hospital. As one of my Facebook posts read: A child who reads will be an adult who thinks.

An adult who thinks is definitely a goal of AAUW. Some members who might not be familiar with these goals can look to this space to read about each of the AAUW goals. The one we are most used to reading about is Educational Funding. According the AAUW's website, our organization provides more than \$3.7 million in funding for more than 241 fellowships and grants in the 2015-16 academic year. The fellowships and grants cover 5 categories: American Fellowship, Career Development Grants, International Fellowships, International Project Grants and Selected Professions Fellowships.

One of our branch past presidents, **Vivian Kallen** received a grant from AAUW. I asked Vivian when she received this grant and she said: "I think it was in 1964." This grant was established through money donated to AAUW from the Rockefeller Foundation and the applicant had to be over 35 years old with, nondependent children and returning to school with the goal of teaching in higher education or research. Vivian went to American University in Political Science. In addition to Vivian carving out a wonderful career at Northern Virginia Community College, her full-time academic work at American University was a model for her son, Jeff. He knew he was going on to college and appreciated Vivian's serious attitude and hard work.

Please go to AAUW.org and learn more about our work in providing funding to women for their academic pursuits. Share this information with friends and family. And, of course, donations are always welcome.

Remember, the admission fee for branch meetings: new or gently used children's book.

Both groups read the same title. In December, we have a joint potluck dinner meeting. Our July meeting is also an evening joint session of both groups where we select titles for the coming year. We do not meet in August. There is no set format for the meetings, e.g., published study questions, but if a member has found something they think will be helpful, they present it to the group. We never seem to lack for discussion. Titles on the list for 2015 through July 2016 include:

Lunch Bunch

The Arlington Branch AAUW members have been volunteering at the Arlington Mill High School for over 24 years. The school serves students from a variety of backgrounds, all working on earning their high school diplomas. Our dedicated Lunch Bunch group offers educational programs to the young women about current issues, including health care, careers, finance, sexual harassment, and navigating legal systems.

Once a month, on the third Thursday, several Arlington branch members meet at the Arlington Career Center with twenty young women during their 45 minute lunch break. We provide a lunch of pizza, salad, fruit and cookies. During this time, a guest speaker engages the students in a relevant topic of discussion. If you would like to attend this inspirational group, or be a speaker at one of the lunches, please contact Mary Ann Ullrich or Michele Milden. We look forward to seeing you at one of our Lunch Bunch programs this year.
